

## FMI Exam Update: May 2020 Exam Deferred to October 2020

**March 16, 2020 – Toronto, Canada**

As the COVID-19 situation continues to evolve and take a toll on communities around the world, the safety of our candidates, partners, proctors, and staff is of primary importance.

**As a result, and after careful consideration, the Financial Modeling Institute (FMI) has decided to postpone the May 2, 2020 exam until the next scheduled sitting in October.**

- All candidates for the May exam have been re-registered for the next public exam sitting on October 24, 2020.
- Candidates wishing to defer to a date after October 24, 2020 are welcome to do so. Deferrals received before August 28, 2020 will be processed at no additional cost.
- Alternatively, candidates may choose to receive a full refund.
- Please contact us at [info@fminstitute.com](mailto:info@fminstitute.com) if you have any questions or concerns.

### **FUTURE SITTINGS**

The next public sittings of the Level 1: Advanced Financial Modeler (AFM) exam and the Level 2: Chartered Financial Modeler (CFM) exam will be **Saturday, October 24, 2020** and **Saturday, April 24, 2021**, respectively.

The FMI also offers and administers private exams at the offices of numerous corporations around the world.

### **ABOUT THE FMI**

The FMI's mission is to promote the awareness and discipline of financial modeling globally through world-class exams and accreditation programs. The FMI's certifications are internationally recognized credentials for advanced Microsoft Excel, financial analysis and financial modeling skills. Certification is ideal for all finance, accounting, investment, insurance, and business professionals.

The FMI's exams are rigorous, in-person, proctored exams that assess candidates' modeling proficiency with a focus on real-world applications of financial modeling excellence. There are three levels of certification, gradually increasing in difficulty as candidates obtain each subsequent level: Advanced Financial Modeler (AFM); Chartered Financial Modeler (CFM); and Master Financial Modeler (MFM). Each level is recognized as its own qualification.
